Fall of Zeebrugge Followed Soon After the Seizure of Ostend, Another Prominent U-Boat Base on the Coast of Belgium

AMERICANS SMASHING EAST OF LE CATEAU

Allies Are Crushing Rear Guards on Long Front in Belgium as the Main German Army There Retreats Toward Germany

London, Oct. 18 (via Montreal).—Zeebrugge, the port of Bruges and the second important German submarine base on the Belgian coast, has been occupied by allied forces.

Bruges, seven miles south of Zeebrugge, has been evacuated by the Germans, according to information received at the Belgian army headquarters.

More than 4,000 prisoners were captured by Field Marshal Haig's forces yesterday in their offensive in the Bohain-LeCateau region, the British war office announced to-day.

Turcoing, a city six miles northeast of Lille, has been entered by British troops, according to the Evening News. Between the Senne canal and the Lys river the British are continuing their advance on the whole front. Haig's forces north of Cambrai captured a number of villages on the whole front. The official statement reads: "The prisoners reported in our operations yesterday on the front of Bohain and LeCateau exceeds 4,000. We also captured a number of guns."

"Further north our advance continues on the whole front between the Senne canal and the Lys river. We have crossed the canal on a wide front north of Cambrai. We are astride the Douai-Denain road, four miles south-east of Douai, and have captured a number of villages."

"Northeast of Lille we are within a mile of Turcoing."

FRENCH IN ANGUILCOURT.

In Following Up New Retirement By the Germans.

Paris, Oct. 18.—The Germans have begun a new retirement movement in the area between the Oise and Serre rivers, between Laon and Cambrai, according to the official statement from the war office to-day.

French troops advancing from Achery and Choigny, are in pursuit of the German rear guards. Anguicourt has been occupied by the French.

In the Argonne region the French have crossed the Aisne near Vouziers. Fighting continues in the area west of Grand Pre.

The statement reads: "On the right bank of the Oise the enemy confined his reactions to artillery fire. Between the Oise and the Serre French pressure continued during the last few days has obliged the enemy to begin a new withdrawal. Debouching from Achery and Choigny toward the end of the night the French troops pursued the German rear guards and occupied Anguicourt."

"West of Grand Pre the battle continues with extreme stubbornness and was extended this morning as far as the heights of Vouziers. The French have crossed the Aisne in this region."

LOSS OF COAST DISASTROUS.

Also Humiliating and Morally Ruinous to Authors of War.

London, Oct. 18.—The German dream of dominating the Flanders coast has come to an end, the morning newspapers say, and they speak of Thursday as a memorable day in the war, pointing out the prominent part played by the British army and navy in the far-reaching successes gained.

The Belgian coast ports, says the Daily Telegraph in referring to the German withdrawal from the channel coast, were symbols of the enemy's U-boat campaign and the threat to Great Britain. The evacuation of these places, it adds, is doubly humiliating and morally ruinous to the authors of the war.

NO MARKS OF VIOLENCE

On Body of Unknown Woman Found in Canal at Suffield, Conn.

Hartford, Conn., Oct. 18.—Medical Examiner William E. Caldwell and the town authorities of Suffield are conducting a rigid investigation into the cause of the death of the well-dressed woman whose body was found floating in the Windsor Locks canal at Suffield Thursday. The authorities are seeking to discover if death was due to natural causes, accident or violence. There are no marks on the body and the absence of these suggests no violence. No water was found in the lungs, although there should have been water there if death was caused by drowning. Medical Examiner Caldwell said to-day that there was a probability that the woman was dead before the body got in the water.

There is a mystery and the authorities have telephoned and telegraphed to several cities and towns, giving a description of the body, and also the one mark which may prove the woman's identity. This was on the inside of her shoe and it read "Hayward Special Shoe for Women." The medical examination is endeavoring to locate this shoe, and believes it is either in Massachusetts or Connecticut.

HELD IN RESTRAINT.

Henry Upmann, Prominent German Banker of Havana.

Havana, Thursday, Oct. 17.—Henry Upmann, prominent German banker of Havana, president of the German club, and one of the richest men in Cuba, is being held incommunicado in his residence here in connection with the general roundup of the Cuban secret service department of enemy subjects, whose names have figured in the trading with the enemy blacklist.

A careful search of Upmann's residence for evidence to connect him with German propaganda apparently failed to produce evidence of a seriously incriminating nature. Two maps of the western front, an autograph letter from the German kaiser and caricatures of the Belgian king are said, however, to have been found among his effects.

BREWERS GET RESTRICTIONS.

Not Even So Called Kruezen Can Be Brewed After Dec. 1.

Washington, D. C., Oct. 18.—Not even the so-called Kruezen, or new beer for carbonizing old beer can be brewed after Dec. 1, under a ruling announced to-day by Food Administrator Hoover and Fuel Administrator Garfield. If necessary to use up the malt and other material now on hand brewers may use as much of their fuel allotment as they choose between now and Dec. 1, it was announced. However, for the purpose of refrigeration after Dec. 1, it is considered that the allotment of fuel under the order of last July 3 is sufficient and it will be necessary for brewers to save sufficient coal out of their allowance for refrigerating purposes.

WILSON'S TONE DISPLEASING

Germans Passionately Discuss His Ultimatum in the Reichstag

VON HINDENBURG WILL HELP FRAME REPLY

No Meeting of Parliament Before the Message Is Sent

Berne, Thursday, Oct. 17.—President Wilson's reply to the German note has created a new state of affairs in diplomatic discussions relative to peace, it is reported here from German sources, and the German reply, it is said, will make it clearly understood that the tone employed by the president was open to objections.

There have been passionate discussions of the president's reply at meetings of all the groups of the Reichstag, but no line of policy has been determined, although there has been prolonged deliberations on the subject.

The presence of Field Marshal Von Hindenburg in Berlin is believed to foreshadow the drafting of the German reply to Mr. Wilson. Under the circumstances it is uncertain whether the Reichstag will meet to-morrow. In any case there will be no meeting of the Reichstag before the reply is forwarded, then there will be a full dress debate in which the Socialists, notably Friedrich Ebert, vice-president of the Social Democratic party, and Gustav Noske, Socialist member of the Reichstag, will take part.

MAY ADJOURN OCT. 29.

Congress Will Resume Sessions After the Election.

Washington, D. C., Oct. 18.—Congressional leaders to-day expected early ratification by both the Senate and House of plans drawn yesterday for adjournment of Congress from Oct. 20 to Nov. 13 for over the elections. Passage of the \$8,000,000,000 military deficiency bill by both Houses was expected before that time, thus clearing the legislative calendar for the brief vacation.

The Senate finance committee resumed consideration of the revenue bill to-day, working on surtax sections. Late yesterday it struck out the House provision for taxing the salaries of the president, federal and state judges and the income on state and municipal bonds, holding that these taxes would be unconstitutional.

PEACE STOCKS BOOMED.

Despite Warning from Washington That War Is Not Over.

New York, Oct. 18.—Notwithstanding official warnings from Washington that the war is not yet over, the boom in peace stocks which began early in the week today assumed broad proportions. In point of activity and scope the movement rivalled the many war sessions of the stock exchange in 1915 and 1916.

Sales during the first hour aggregated 500,000 shares or on the basis of over 2,500,000 shares for the day. Advances in those stocks which, it is considered, would benefit by declaration of peace, ranged from two to ten points. The public as well as professional investors were buyers. Metals recorded gains of one to three points. Rails moved upward one to three points. United States Steel gained 1 1/2 points at the start, later forfeited most of it and again moved upward. Leaders in the war groups, Bethlehem and Crucible steels and Baldwin Locomotive, yielded one to two points.

DIED AT WEST BERLIN.

Mrs. Medora H. Clough of Washington After Two Weeks' Illness.

Mrs. Medora H. Clough of Washington passed away at the home of her daughter, Mrs. C. L. Plack, in West Berlin this morning at 8:15 o'clock, after an illness of two weeks with Spanish influenza, complicated with pneumonia. Mrs. Clough was born in Chelsea Feb. 1, 1849, living there only a few years when the family moved to Washington, and there she married Norman B. Clough in 1870. His death occurred several years ago.

After his death, Mrs. Clough continued to live at Washington until about two years ago when she went to West Berlin to reside with her daughter because of failing health, and when the attack of influenza came she was too frail to throw it off.

Besides the daughter, Mrs. Plack, the deceased left one son, Harry E., of Washington, and two brothers, George A. Bohannon of Washington and Charles M. of Kansas.

The funeral will be held at 12 o'clock Sunday noon at the home of the daughter in West Berlin, with interment in Washington, a committal service being held there at 2:30 p. m. Friends are requested by the family not to send flowers.

WORKMEN INJURED AT THE QUARRIES

Bernard Fitzpatrick Lost a Leg, and His Nephew, Daniel Ryan, Had a Foot Broken.

Odd circumstances attended an accident at the dark quarry of Boutwell, Milne & Varnum in Graniteville this morning, when Bernard Fitzpatrick, aged 45, and his nephew, Daniel Ryan, aged 17, received grievous injuries through the unexpected explosion of a quantity of blast powder. Fitzpatrick is at the City hospital, where he submitted to an operation for the removal of his right leg, just below the knee, this forenoon. Ryan sustained what the doctors describe as a broken foot.

The accident happened around 8 o'clock. Fitzpatrick and Ryan were down in the quarry and with other workmen were quarrying by degrees a 10-ton block of granite, preparatory to making room at the bottom for the hoisting chain. Shortly and without notice, it developed that some of the powder used in the blast had leaked down into a crevice in the stone, and while the quarrymen plied their task it exploded. A fly fragment of stone struck Fitzpatrick on the leg and another struck against Ryan's foot. Other workmen realized at once that they were badly injured, and within a few moments two doctors and the Whitcomb ambulance from East Barre were at the quarry. On the advice of the physicians Fitzpatrick was hurried to the City hospital, where the operation was performed immediately. Both men are reported to be resting comfortably.

Fitzpatrick is a well-known Barre Town quarryman, having resided in upper Graniteville for a long time. He is unmarried.

QUARANTINE STILL ON

Although the Epidemic in Barre Appears Nearly at End.

Only two grip and pneumonia victims have been reported in the past 24 hours, and in reiterating their opinion that the situation is steadily clearing, the health authorities call attention to the fact that the death toll to-day was the smallest in three weeks. There are a number of patients who are very ill, and the physicians are using the same heroic methods that obtained during the height of the epidemic to restore them to their patients who are critically ill, but the big majority of the cases are convalescent. Moreover, the doctors encounter on every hand confirmatory evidence of the fact that later cases of the influenza have been very mild. New cases are almost negligible in number.

Unsettled comments over the prospect of removing the quarantine established three weeks ago are heard on the street, but thus far the board of health has not indicated a purpose to remove the ban on public gatherings this week. Unless there is an 11th-hour change in present plans, churches will remain closed Sunday, and the mobilization of students in the public schools will be deferred until a week from Monday. The state board of health is keeping in close touch with the local situation, and none of the decisions which are to be reached by the local board of health will be made without a prior consultation with members of the state board. Influenza as it has developed is a pandemic throughout the country is known to recur very easily, and the authorities, mindful of its tragic effect in Barre, are not anxious to give it another chance.

Deaths reported since yesterday are: Robert Kinkaid of Lawrence, Mass., at 3 Elmore street; Ricardo Alonzo of Quarry street.

CONNECTICUT OVER.

Is First New England State Officially Reported So.

Boston, Oct. 18.—Although \$34,970,000 was added to the New England Liberty loan total yesterday, the district to-day still was nearly \$80,000,000 short of its quota of half a billion. The total to date stood at \$410,466,000.

Returns from Connecticut put that state over its quota, the first New England state to oversubscribe. The quota was \$66,062,000, and to-day the state had \$67,056,000 to its credit, with many more subscriptions still to be officially reported.

Of yesterday's subscriptions, Massachusetts contributed \$25,829,000, Connecticut \$3,772,000; Rhode Island, \$5,745,000; New Hampshire, \$1,827,000; Maine, \$1,225,000; and Vermont, \$372,000. Of the Massachusetts total, \$14,753,000 came from Boston.

MCADOO APPEALS TO ALL AMERICANS

Washington, D. C., Oct. 18.—"Subscriptions reported and estimated up to noon Thursday amount to \$4,000,000,000, leaving at least \$2,000,000,000 to complete the fourth Liberty loan," said Secretary McAdoo. "Only two days are left within which to raise this vast sum. No country on earth but America could raise so vast a sum in so short a time."

"Americans can do it and must do it. The destinies of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for and hope to gain in this war if the fourth Liberty loan is defeated."

"Let every true American citizen to-day examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligations of duty and patriotism command true American to go immediately to his bank or to his Liberty bond committee and subscribe to the limit of his ability to the fourth Liberty loan."

"Don't delay. Don't wait to be urged. Be as quick to do your part in the fourth Liberty loan battle as our soldiers in France are quick to obey the orders to charge the enemy. Buy Liberty bonds on the installment plan if you cannot buy them for cash. Every patriotic citizen will do his duty to-day victory for the fourth Liberty loan is certain."

"The continuation of the victories of our armies in Europe, the certain defeat of our enemies and the glorious triumph of the cause of Liberty depend upon what the American people do in the remaining two days of the fourth Liberty loan campaign."

GOOD RESPONSE IN LOAN DRIVE

Nearly \$70,000 Realized in Barre's House-to-House Canvass

BUT CITY NEEDS QUARTER OF QUOTA

Barre Town Is Officially Reported to Have Over-subscribed

Barre Town is unmistakably over the top in the fourth Liberty loan campaign. Officers of the town committee did not conceal their jubilation this forenoon in announcing that their quota of \$68,600 had been over-subscribed, thanks to the magnificent response made by the citizens. All told, the sum of \$71,500 has been invested in bonds of the "Fighting Fourth" in Barre Town. The total includes several handsome subscriptions by quarry owners, but the workmen's contributions bulk large in the returns and much of the credit naturally is theirs.

Here in the city there was almost equal cause for gratification, although Barre has gone only three-quarters of the distance traversed by its neighbor in reaching the goal. Yesterday's house-to-house canvass yielded the largest returns yet recorded in a Liberty loan campaign. With many members of the ward teams still to report, and with ward 5 missing and ward 4 returns only partially filed, a sum close to \$70,000 represents the fruits of yesterday's intensive drive. Somehow the conviction that the Hun must be effectively eliminated as a potential and real cause of unhappiness seemed to be ingrained among the assembled cardholders, ward names to the pledge cards yesterday, in a city lately dealt a stunning blow by influenza the returns received from a single day's drive are very good.

That was the attitude taken by members of the committee to-day when they reviewed the results achieved by the captains and canvassers yesterday. Previously, when Liberty loan drives were staged under normal conditions, the best that could be registered in one day was \$82,000. Yesterday's figures do not take cognizance of the many subscriptions previously received, nor do they include the amount which is being subscribed in the stonehills. Early in the week pledge cards were distributed among the granite manufacturers, and under their personal supervision the cards have been placed before each one of their employees. It is hoped that the manufacturers will be able to complete their reports by Saturday noon, as the committee is anxious to know where it stands before the last half day of the campaign.

Wards 1 and 2 ran neck and neck in yesterday's canvass. The captains and canvassers ended at 7 o'clock last night in the city building, where there was a room for each ward committee, to file their returns. The personnel of the canvassing staff was as follows: Ward 1, Mr. and Mrs. Fred H. Rogers; ward 2, H. A. Phelps and Mrs. James Mackay; ward 3, Fred W. Baneroff and Miss Penelope Galt; ward 4, Alex G. Cordiner and Miss Elizabeth White; ward 5, Joseph Calogian and Miss Nellie Scamporrino; ward 6, Arthur E. Campbell and Mrs. Elizabeth Leger.

This afternoon members of the committee authorized the statement that \$300,000 of Barre's quota is in sight. Unless the remaining \$100,000 is subscribed before Saturday night, when the campaign ends all over the country, Barre will have to endure the stigma of having failed for the first time since the war broke out to attain the goal set for it. Those who were inadvertently overlooked in yesterday's canvass are urged to apply to the banks for subscriptions. In the next 30 hours the quality of Barre's patriotism will be determined. That none may miss the opportunity to subscribe, every bank in the city will remain open until 9 o'clock Saturday evening.

WASHINGTON COUNTY OVER

And the Subscriptions Are Still Pouring In.

Chairman C. F. Lowe of the Washington county Liberty loan drive reported to-day that the county has oversubscribed its quota of \$1,500,000 by \$100,000 already and that the end is not yet. Four cities and towns have not yet reported a full subscription, they being Barre City, Duxbury, Fayston and Worcester.

NEARLY TWO BILLION YET TO BE RAISED

Tabulation of Liberty Loan Subscriptions To-day Showed a Total of \$4,250,000,000.

Washington, D. C., Oct. 18.—The fourth Liberty loan to-day neared the end of the campaign with \$4,250,000,000 subscribed and \$1,750,000,000 to be raised in two days remaining. Despite this tremendous unsubscribed balance, campaign workers throughout the country reported they would be satisfied with nothing less than over-subscriptions.

NEW YORK LAGGING.

Has Nearly \$800,000,000 to Go on Liberty Loan.

New York, Oct. 18.—The New York federal reserve district advanced the Liberty loan subscriptions over night by only \$82,207,450, according to figures giving total tabulations at 10 a. m. to-day. These amounted to \$1,041,000,000 and in order to reach the quota of \$1,800,000,000 before midnight Saturday, subscriptions will have to come in at the rate of \$20,000,000 an hour.
